

# IS200

19" standard shelf 2 he

## Product information:

---

The ISxxx series are 19" standard shelves, made of steel with a plate thickness of 1,5 mm and provided with a black (RAL9004) structured powder coating, which can be mounted inside all different kinds of 19" racks or flight cases. They provide a solution for mounting standard electronics equipment (such as DVD or Blu-ray players and many other different kinds of equipment) which don't contain a standard 19" mounting fixture. The depth of 300 mm and open rear side allow easy connection of the equipment.

## Product Features:
